## **Doba Selected as One of the Fastest-Growing Companies in Utah**

Doba achieving better than 200 percent revenue growth year over year

26 October 2006 | Orem, Utah

OREM, Utah – Doba™, a leader in product sourcing solutions online, today was honored as an Emerging Elite company by the MountainWest Capital Network at the Utah 100 Awards Ceremony distinguishing the innovation, leadership, and performance of the company. Emerging Elite recognition is only awarded to fifteen top companies that the MountainWest Capital Network hand selects. To qualify for Emerging Elite status, a company must have been started within the last five years, and, in the selection committee's estimation, high expectations for the future in terms of revenue generation and business success. Doba has achieved better than 200 percent revenue growth year over year for three consecutive years.

Doba's co-founder and CEO, Jeremy Hanks, credits the company's ability to develop industry-leading products and a dedication to their customer's success with the company's unprecedented revenue growth over the past three years. He said, "Doba is proud to appear on the Utah 100 Emerging Elite list for a second year in a row. We are committed to providing the most comprehensive, most reliable and most practical solutions to enable our customers, small online retailers, to make business profitable."

"We congratulate Doba on its inclusion in our Emerging Elite category. Maintaining triple digit revenue growth over three years is a noteworthy accomplishment and was certainly an important factor in the selection of Doba for this award," said Todd Leishman, Chairman of the MountainWest Capital Network's Utah 100 program.
